

SCHOOL REPORT (January, 2020 till date) Good Morning everyone.

Mr. Amit Rana Managing Director “The knowledge Bus Group of Schools,

Dr Sheetal Rana Director the Knowledge Bus Group,

Mr S. K. Sahapathi Director TKB Group, Mr

Manish Gupta Director TKB Group,

Ms. Archana Jain, Principal panipat city

Ms. Alka Batra, Headmistress DPS Panipat

Ms. Monika Marwaha, Senior English and founder teacher of DPS Panipat city

Other dignitaries and my dear parents, students, colleagues and friends.

I, Anisha Sahapathi Principal The Knowledge Bus Global Senior Secondary School, Mohali take immense pleasure in welcoming all of you on this special occasion of our annual production : Symphony, 2021-2022.

During these trying times of epidemic this year is a tremendous window of opportunity to rethink many things, to reinvent the education processes, devise creative methods to engage students. I can say that, this year has been another successful and joyous year for us.

We are happy to share the news that all our students of Class X, who appeared for Secondary School Examination by CBSE session 2020-21, passed with flying colours. More than 70 percent students scored first class grading, more than 30 percent students, scored above 90 per cent.

Reading, writing, speaking and listening carefully are the most essential communication skills for students. That is why every month activities like Communication sessions, Show and Tell , Theme Day, 100 days reading campaign etc are conducted to enhance their communication skills.

We believe that children's cognitive development is influenced by culture, history, science and technology, and social interactions. Ek Bharat, Shresth Bharat was organised in January 2021 to commemorate TKB INTERACT to help students organise their thoughts, reflect on their learning, and identify whole in their thinking.

In our school, HPE is an important element of morning assembly. Physical fitness transforms a child's personality. It allows them to engage in physical activities without becoming fatigued or agitated. Sports and physical fitness are always important to us at The Knowledge Bus Global School. We aim at providing the best of sports facilities for our students. The school has well maintained grounds for different games like Basketball, Football, Skating, Badminton, Table Tennis, Throwball, Golf, Taekwondo, Chess etc. Experienced and professional coaches train the students and prepare them for the various tournaments conducted within and outside the school. Every year at school, we hold the TKB Sports League. This time, in the month of February 2021, a Virtual TKB FITNESS LEAGUE was organised, which was focused on endurance, flexibility, and speed. Fun and fitness, free hand exercises, brain games like chess, rubik's cube, movie producing, zumba, yoga, aerobics, Surya Namaskar, squats challenge, plank, spot jogging, ball dribbling, hacky sack at home, and other physical activities and competitions were featured.

In the month of June, 2021, Virtual Summer Camp was organised. The camp was well positioned to provide an exciting selection of fun-filled, creative activities to actively engage our pupils. It was the ideal setting for children to gain independence, decision-making, social and emotional skills, character development, and values, all while being surrounded by a creative and enriching environment and supervised by supportive staff members. For young children, the advantages of Camp were numerous. On the one hand, they were able to spend their day doing what they wanted. On the other hand, the large choice of integrated fun activities were there to keep them physically active and mentally aware. Camp was divided into 4 activities

a. MINDFULNESS

YOGA, MEDITATION, MUSIC, GRATITUDE, ENJOY, LIVE IN THE MOMENT

b. SELF-CARE
MY SELF, MY BODY, MY HOME, MY ROOM, MY PETS, MY GARDEN, MY EMOTIONS, MY FEELINGS, MY BEHAVIOUR AND MANY MORE...

We also organized online Inter School competition: Elysian, 2021 in which different events like ILLUSTRATION (Draw & Colour) , Book Character Diary Entry, Book Character JOURNAL , ONE MINUTE BOOK TALK, STORY TELLING were there where various schools participated from Chandigarh, Mohali, Panchkula, Panipat , Ludhiana and Gurgoan.

Dear Parents, during this pandemic time, we all have adjusted well, consciously and unconsciously, that may last much longer than the virus and serve us well into the future. Consciously, we take extra precautions and try to think through how our actions might affect others; unconsciously, we're absorbing old lessons of survival that have lain dormant for a century or so.

The main qualifications for dealing with children of tender years are much love and patience, a big heart and a willingness to work hard. Such attributes of our teachers ensure that the child feels safe and secure, and respond to caring discipline and affection.

Thankyou my dear teachers and staff for your efforts and hardwork you put into teaching and keeping yourselves updated with the latest

technology of online teaching and learning to pass it on further to our students. So thank you teachers and well done.

We would like to thank our management for the regular support, guidance and motivation. For which we feel truly grateful.

Thanks to our special guests Ms. Archana Jain, Ms. Alka Batra and Ms. Monika Marwaha for their gracious presence.

Dear parents we are glad that you are a part of this education initiative with us, and that you trust us with the growth of your children. We strive to improve every year, and to create the best environment for them. Keeping this in mind many more activities like Mothers day, Fathers day, healthy tiffin competition, Yoga day, vegetable making with mom, firelesscooking with fathers, Story telling, family day and Grand Parent's Day being celebrated which wouldn't have been a success without the support of you all. Parent Teacher Meeting is also conducted time to time to discuss about your ward's progress. Thanks to one and all once again.

Well said - "True teacher use themselves as bridges over which they invite students to cross them, having facilitated their crossing, collapses with joy, encouraging them to become bridges for others."

This year our Annual Function theme is "Lama-Sisya".

The essence of this bond is sheer devotion, love and hard work. Both Guru and Shishya grow in the process, the

Shishya transforms through his Guru's knowledge and keeps his Guru's teachings alive. Undoubtedly, the GuruShishya relationship holds almost a spiritual place in Indian culture.

When the shishya is ready, guru appears. When the shishya is truly ready guru disappears.

So ladies and Gentleman let us all be respectful to the power of the Gurus and honour those who have made a huge impact as a teacher in the world.

All my most sincere wishes Thank You.
